

David Goldenberg Participating in the ABA Law Practice Management Section Teleconference “Ethics and the Virtual Law Office in Pennsylvania” on January 20, 2011

The Pennsylvania (PA) Bar Association Committee on Legal Ethics and Professional Responsibility published its FEO 2010-200 in October 2010. The opinion provides basic guidelines for operating a virtual law office (VLO) in PA and differs greatly from many state bar opinions that still only address e-mail as the primary form of electronic communication. In light of the new opinion, the ABA Law Practice Management Section is sponsoring the teleconference “Ethics and the Virtual Law Office in Pennsylvania” on January 20, 2011.

Founding Partner David Goldenberg will be participating as a panelist to share his experiences with the founding of Virtual Law Partners. For more information on this teleconference, see <http://www.abanet.org/lpm/cle/01202011.shtml>.
